## RULE FOR CONTESTANTS WHO SEEK THE AUTO

The Bulletin finds it necessary to establish a new rule in connection with the automobile contest. A change in the delivery of a paper from the person now receiving it to another of the same family cannot be accepted as a new subscriber, nor will an additional paper sent to a person already receiving the paper be accepted as a new subscriber. The Bulletin has been very careful that there shall be absolute fair play in dealing with the contestants. It must also see that the contestants are equally straightforward in their relations with the paper. The matter is brought early to the attention of the many people interested in order that there may be no misunderstanding as to what constitutes a new subscriber. No matter how much electricity you put in your house it takes a few amperes to complete the illumination.

# STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers twenty-five years. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women. Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the question and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great. Mrs. Pinkham's Standing Invitation: Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance—Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Following we publish two letters from a woman who accepted this invitation. Note the result:

First letter.  
Dear Mrs. Pinkham:—For eight years I have suffered something terrible every month. The pains are excruciating and I can hardly stand them. My doctor says I have a severe female trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me. Mrs. Mary Dimmick, 20th and E. Capitol Streets, Washington, D. C.

Second letter.  
Dear Mrs. Pinkham:—After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you, and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy. Mrs. Mary Dimmick, 20th and E. Capitol Streets, Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

## WANTS MARK TWAIN TO VISIT ISLANDS

Promotion Committee Suggests For Him An Invitation

Members of the Promotion Committee yesterday afternoon at the regular meeting decided to ask the Chamber of Commerce to invite Mark Twain to become the guest of Hawaii and the Chamber of Commerce at such a time as the popular humorist can find it convenient to come here. According to the resolution passed by the Committee, E. J. Spaulding is authorized to make the request for the invitation of the Chamber of Commerce, and there is a general sentiment expressed to the effect that the latter organization will be agreeable to the plan.

Mark Twain's friendliness for the islands and the many beautiful things he has said of them, prompted the committee to suggest the invitation. Since his original visit to the Hawaiian Islands, the noted humorist has often expressed a desire to return. It will be remembered that a few years ago he came here on his tour of the world, but owing to the fact that Honolulu was quarantined at the time he was not permitted to land.

If the invitation is extended to Mark Twain, and he accepts, all his expenses in getting here and while remaining here will be paid by the Chamber of Commerce. It will be explained to him that the invitation is prompted by the appreciation of the people of Hawaii for his eloquent praise of their country. It is believed that Mr. Twain will duly appreciate the courtesy shown him, and will accept the invitation.

Attention has been called of some of the members of the Promotion Committee to the superior opportunities for fishing by rod and reel in the vicinity of Haliwa, and as a result the members have decided that in the future this act should receive a prominent place among advertisements of the islands as a pleasure resort. Last week C. A. Brown went out from that place in a canoe, and was so successful in fishing that he has become enthused with the sport.

Lihue, Kauai, April 16.—I. Takas of Honolulu is the man who came on the Heli last Wednesday morning to strip Kauai plantations of their laborers. He says he is connected with Japanese American Industrial corporation of California which has branch offices at Rock Springs, Wyo., Idaho Falls, Idaho, Phoenix, Arizona, Ogden, Utah, and Reno, Nevada, and is supplying different railroad companies or farms with Japanese laborers. The steamship Olympia has been chartered by this company and others and if Mr. Takas reports good prospect on Kauai the steamers will visit this island. The unwelcome agent has visited Kauai several times before as the manager of a theatrical company.—Garden Island.

## JURORS STAND PAT, SO THEY REPORT IN NICHOLAS CASE

After having been locked up for almost twenty-four hours the jury in the Nicholas and Laelie gambling case this afternoon expressed its desire to report to the Court, but again a disagreement was all the result it could show. "We are still of the same opinion as we were at 6:30 o'clock last night," said Foreman Brown. "It is impossible to make any headway. Not even one has changed, and we have made every possible effort."

Judge De Bolt made quite a lengthy address to the jurors, encouraging them to report one way or the other. The Advertiser and public, he reminded them, had nothing to do with the matter. The jurors were sent out for further deliberation.

## HAWAII OFFERS AID

(Continued from Page 1.) The present time, thought it wise to wait until further details arrived before mentioning the relief fund. San Francisco might prefer, in her natural civic pride, to help herself; of course, if the distress was very general and a great deal of money was needed, Hawaii would be very willing to help. Spencer thought the suggestion, in the cable to the San Francisco Chamber of Commerce, of a readiness to contribute on the part of Hawaii, would be appropriate.

Lowrey thought the need of money had already arisen. A tendering of money was a practical demonstration of sympathy. W. M. Giffard suggested leaving the amount out of the cable message. Morgan thought the amount should be telegraphed. He then moved that a cable be sent to the effect that the Chamber of Commerce tendered sincere sympathy and was ready to render financial aid. Swamy suggested putting the query: "Have you opened a relief fund?"

The framing of the cable was discussed at length. Lowrey thought that to send a message asking assistance was needed, was, on this occasion, entirely uncalled for. Swamy said he was ready to join with whatever the wish of the Chamber happened to be. It was settled that the Chamber should send a wire, extending sincere sympathy and expressing a willingness to render financial assistance if required.

Lowrey asked if the Chamber wanted to delegate J. F. Morgan (goats on the Alameda) in any special manner, to the San Francisco Chamber. Giffard announced that at the request of the Merchants' Association, the U. S. postal authorities agreeing, the Alameda would be held until 9 a. m. tomorrow. The Chamber joined with the Merchants' Association in the request in regard to the Alameda.

## INVESTIGATE CHARGES AGAINST POLICEMEN

The committee appointed by the Board of Supervisors to determine if the charges of cruelty to prisoners by the police had any foundation, conducted an examination this morning, but announced no decision. Palenapa is the man who made the original charges and he was the chief witness this morning. He had declared that he had been assaulted when first arrested in the room of Henry Vida, Assistant Sheriff, and the committee took the testimony this morning of all who were present at the time of the alleged assault.

Alley: "Do you think, my love, that your father will consent to our marriage?" "Angely: "Of course, papa will be very sorry to lose me, darling." "Alley: "But I will say to him that, instead of losing a daughter he will gain a son!" "Angely: "I wouldn't do that love if you really want me. Papa has three sons living at home now, and he's a little bit touchy on the point."—Answers.

According to the latest Indian census, that of 1901, the population of India was 291,261,056, and the total number of people employed in various capacities by Government was 1,490,276. Of these 245,593 were partially agriculturists, and about as many more were employed in occupations not strictly official, thus leaving about a million who could be called Government officials.

In an Irish town not long ago a crowd watched nearly 150 rats cross above the ground on a telephone wire from the Town Hall to a flour mill over 200 yards away. The rats used their tails to preserve their balance, and not one made a false step.

## KAUAI ELECTRIC LINE

Lihue, Kauai, April 16.—Despite the difficult country through which the Kauai Electric Co. is erecting poles and stringing wires no accidents worth mentioning have occurred since it started its work. Last Monday, however, one of the men working on the Kailiwa section met with an accident that cost him his life. It seems that Yamada had climbed a tree in order to remove some branches reaching over the trail in such a way as to interfere with the wire. In doing this he lost his balance and fell a distance of about twenty feet, striking a heavy piece of timber lying underneath the tree, and suffering instant death. The Deputy Sheriff was notified and soon arrived, but found no necessity of holding an inquest as the cause of the death was evident.—Garden Island.

Washington, April 16.—The Senate Committee on Pacific Islands and Porto Rico today considered the Porto Rican citizenship bill, and finally referred it to Senator Foraker to put the measure in shape to meet the views of the committee. The indications are that the bill will be favorably reported to the Senate.

Oakland, April 16.—Charles Mulford Robinson, whose fame as an expert in civic adornment is world-wide, has returned from Honolulu and tomorrow will begin on his plans to make Oakland "the city beautiful."
